

IET Smart Grid

Call for Papers

Submission Deadline: 15th December 2020 | **Publication Date:** August 2021

Editors-in-Chief:

H. Vincent Poor, Princeton University, USA

Hongjiang Sun, Durham University, UK

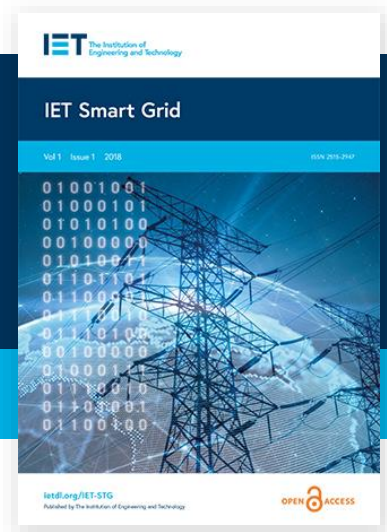

Special Issue on:

Selected Papers from The Michael Faraday IET International Summit – 2020, Kolkata

In this Special Issue, we will select the latest research related to smart grid, power and energy from the papers presented at the IET Kolkata Local Network Michael Faraday IET International Summit 2020, to be held on 3rd-4th October 2020. Authors are invited to submit papers connected to smart grid management and ICT technologies for power systems. Authors of selected papers presented in the conference will be invited to submit an extended version which will undergo post-conference peer review review.

We will be considering papers connected to various aspects of power and energy, encompassing:

- Power System Analysis
- Power Generation, Transmission and Distribution
- Power System Planning and Management
- FACTS and HVDC Systems
- Wide Area Monitoring and Control
- Utility Applications
- Renewable & Sustainable Energy Technologies
- Electrical Machines & Drives
- Power Quality and Electromagnetic Compatibility
- High Voltage Systems
- Dielectric and Nano Materials

To submit your paper and for more information about the journal please visit:
